HOW TO USE THIS DIRECTORY

Select your network/clinic/primary care provider from one of the four color-coded networks. Each network of providers is designated by a specific color. Once you select your network/clinic/provider, read more about the providers and services available to you by following the same color-coded sections. If you have further questions, please contact GHC Member Services at (608) 828-4853 or (800) 605-4327.

Please Note: The providers listed in this directory may provide services that are not covered under your GHC plan. Please refer to your Member Certificate or contact GHC Member Services at (608) 828-4853 or (800) 605-4327 to confirm coverage for specific services.

When Should I Seek Urgent Care?

See reverse side for emergency care information.

Please Note: If you fail to follow these procedures, you may be responsible for full payment of services.

When Should I Seek Emergency Care?

Emergency Care Services

Emergency Care is care for a sudden, potentially life-threatening situation. Please refer to the chart at right for examples of conditions requiring emergency care.

If you require emergency care, please proceed to your designated hospital emergency room for treatment (see chart below). If this is not possible, go to the nearest hospital emergency room or call 911.

Report emergency care and hospital admissions to GHC within 48 hours of receiving care. Call GHC's Care Management Department at (608) 257-5294 or (800) 605-4327, ext. 4514.

Please Note: If you fail to follow these procedures, you may be responsible for full payment of services.

EMERGENCY CARE CONDITIONS

- Alcohol/Drug Intoxication/Overdose
- Amputations or Severe Lacerations
- Large Bone Fractures
- Facial or Eye Trauma
- Knife or Gunshot Wounds
- Loss of Consciousness
- Poisoning
- Seizures/Convulsions
- Severe Burn
- Shortness of Breath/Chest Pain
- Suspected Heart Attack or Stroke
- Suicide Attempt

CHOOSING A PROVIDER

CHOOSING YOUR HEALTH CARE PROVIDER NETWORK

At GHC we offer four distinct Health Care Provider Networks to our members. **In order to provide continuous quality care, all family members are encouraged to receive their primary care from the same Health Care Provider Network.**

GHC CLINICS

GHC Clinics are owned and operated by Group Health Cooperative. All staff at GHC Clinics are employed by GHC. GHC Providers are board certified or board eligible in Family Practice, Internal Medicine or Pediatrics.

UW HEALTH - FAMILY MEDICINE CLINICS

UW Health - Family Medicine Clinics are located in Madison and other Dane County communities. These clinics are staffed by faculty and residents from the University of Wisconsin Medical School who specialize in Family Practice.

UW HEALTH CLINICS

The UW Health Clinics are affiliated with the University of Wisconsin Hospital and Clinics and UW Health Physicians. Participating locations include clinics in Cottage Grove and Mazomanie.

UW HEALTH - STOUGHTON CLINIC

The UW Health - Stoughton Clinic services southeast Dane County and is closely affiliated with Stoughton Hospital.

CHOOSING YOUR PRIMARY CARE PROVIDER

It is important that each family member select a primary care provider to coordinate all their care within their chosen Health Care Provider Network. GHC offers the following as primary care providers:

FAMILY PRACTICE PHYSICIANS

The specialty of Family Practice involves broad training and expertise in the areas of obstetrics and gynecology, pediatrics and internal medicine. Family Practice Physicians concentrate on health care for your entire family, with an emphasis on continuity of care for all ages. Family Practice Physicians are ideal for members who have a family or anticipate having children.

INTERNAL MEDICINE PHYSICIANS

Internal Medicine Physicians specialize in adult medicine and health care. Their focus is on the interrelated systems of the body and how they are affected by illness. Older adults often prefer Internal Medicine Physicians for this reason. Your choice may be an Internal Medicine Physician if you or your family members are over age 16.

PEDIATRICIANS

Pediatricians specialize in childhood medicine and health care. Their focus is on the special health conditions of childhood and adolescence as well as a wide range of preventive services. A pediatrician will coordinate all the necessary health screenings and immunizations to start your child on a healthy future. Children age 18 or younger often see a pediatrician to coordinate their primary care.

PHYSICIAN ASSISTANTS AND NURSE PRACTITIONERS

Physician Assistants (PAs) and Nurse Practitioners (NPs) are qualified, licensed health care professionals with extensive academic training and clinical experience. They work under the supervision and direction of medical doctors to provide a range of services such as routine physical examinations, evaluation and management of common medical problems, and health education. Like GHC's Primary Care Physicians, PAs and NPs are certified and committed to personalized, comprehensive health care for you and your family.

For more information on selecting or changing GHC providers, please contact GHC Member Services at (608) 828-4853 or (800) 605-4327.

GHC CLINICS

SELECT YOUR PRIMARY CARE PROVIDER (PCP) FROM THE LIST BELOW.

HATCHERY HILL CLINIC PHARMACY – OPENING SUMMER 2005

**Prescription refills may also be ordered through GHC's Web site, www.ghc-hmo.com.*

Members who have a prescription drug benefit and receive primary care at the **DeForest Clinic** may receive prescription drugs from a pharmacy affiliated with SXC Health Solutions, Inc. SXC works with thousands of local and chain pharmacies nationwide. Ask your pharmacy if they participate in SXC's Pharmacy Network.

Did you know GHC Pharmacies can deliver most of your prescription refills to your home via U.S. Priority Mail?

If you have refills available, GHC will ship most prescriptions by the next business day. GHC's mail order service has FREE shipping and handling. You will only be charged for applicable co-payments. It's safe, fast, convenient, and ideal for those drugs that you take on a regular basis. Visit www.ghc-hmo.com or call GHC at (608) 441-3289 to learn more!

FREE SHIPPING & HANDLING!

www.GHCMYChart.com

Your medical information is available at your fingertips!

GHC is proud to be the area's first health plan to offer GHCMYChartSM—personalized, secure, online access to your health and insurance information—24 hours a day, seven days a week, from the convenience of a personal computer.

Through www.GHCMYChart.com, you can:

- View laboratory results released by your practitioner
- Schedule clinic appointments online
- View summaries of your clinic visits
- Order renewals for your prescriptions
- View the status of your referrals for specialty care
- Use the Healthwise[®] Knowledgebase to research medical conditions, tests and treatments
- Use secure messaging to communicate with your doctor or nurse
- Access information about your health insurance benefits

To learn how you can participate in this online service, contact **GHCMYChart** Member Services at (608) 828-4853 or visit www.GHCMYChart.com.

It's Easy to Participate!

ELIGIBILITY

To be eligible for GHCMYChart services, members must:

- Be age 18 or older
- Have access to the Internet
- Have a primary care provider at one of the following GHC Clinics:

- Capitol Clinic
- DeForest Clinic
- GHC East Clinic
- Hatchery Hill Clinic
- Sauk Trails Clinic

YOUR PRIVACY

GHC is committed to protecting the confidentiality of your medical information. We limit employees' access and ability to enter or view information based upon their role in your care. Firewalls, passwords, encryption, and audit trails are further used to safeguard your information.

UW HEALTH - FAMILY MEDICINE CLINICS

SELECT YOUR PRIMARY CARE CLINIC FROM THE LIST BELOW.

UW Health - Family Medicine Clinics are group practices with Board Certified Faculty Physicians specializing in Family Practice, which also serve as teaching sites for Family Practice Resident Physicians. Resident Physicians are teamed with Faculty Physicians to coordinate and provide your care.

UW Health - Family Medicine Clinics require you to select a primary care **clinic**, rather than a specific provider, from the list below. Your clinic selection will allow you to schedule appointments with any of the listed Faculty Physicians, mid-level providers (i.e. Nurse Practitioners and Physician Assistants) or available Resident Physicians at that clinic location.

BELLEVILLE FAMILY MEDICAL CLINIC

21 South Vine Street
Belleville, WI 53508

Our Group Promise

We will not
practice
cookie-cutter
medicine...

We will consider
who you are
and how you
live...

We promise to
be open to new
thinking...

We will utilize
the best of
nontraditional
solutions as part
of a balanced
approach...

Because GHC believes
in the healing power
of the mind, the body
and the spirit.

GHC Complementary Medicine & Wellness Center New for 2005!

*GHC is proud to be the first area health plan to provide
Complementary Medicine benefits to our members*

Services include:

- Acupuncture
- Manual Therapy
- Massage Therapy and Energy Work
- Stress Reduction and Mind/Body Medicine
- Mindfulness Therapy
- Eastern Practices
- Yoga, T'ai Chi and Movement Therapy
- Wellness Classes
- Lifestyle Change Classes

Access highly skilled, community-based practitioners who are certified or licensed in their specified field.

No referral necessary from your Primary Care Provider (PCP). Your PCP will give you guidance and consultation throughout your treatment.

For more information, please call GHC Member Services at (608) 828-4853 or (800) 605-4327.
